WHAT IS BOXTOBBOX

BoxtoBox is a digital platform designed to bring people together through sports and recreational activities. It simplifies the entire event experience — from hosting and recruiting participants to registering and managing events — by bringing everything into one seamless, easy-to-use space.

NO MORE CHASING PEOPLE TO PAY

As someone hosting an event, do you find it difficult to get your group together?

Chasing payments? Repeating the same information over and over?

That's where BoxtoBox comes in.

Simply create your session on the app, add all the key details, and share it with your group. Everyone can view the information, see deadlines, and register in just a few clicks — with payments made directly to you, hassle-free.

NO MORE WONDERING “WHERE CAN I PLAY?”

Looking to pick up a new hobby
but not sure where to begin?

With BoxtoBox, you can
discover a variety of activities
and jump straight in.

WHERE DO YOU COME IN?

Host your sessions on the BoxtoBox App

HOSTING SESSIONS

Easily organise and manage your sessions with built-in tools and BoxtoBox support.

FULL ONBOARDING

As a registered host, you'll receive ongoing support from the BoxtoBox team — with access to tools to help you plan, manage, and grow your sessions, along with the opportunity to qualify for our subsidy programme.

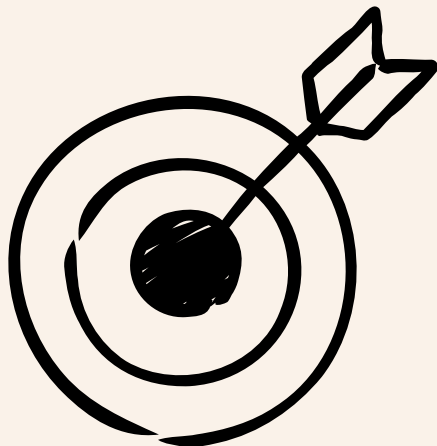

SUBSIDY PROGRAMMES

Eligible hosts can receive up to 50% off their first session each month, based on session size during the onboarding period — helping you build consistency, attract more players, and scale your events with ease.

RE₅SPONSIBILITIES OF A HOST

BOOKING AND SETTING TIMES

01.

As a host, you are responsible for booking your session and clearly setting all relevant details. This ensures your group — and any other participants — have all the information they need to take part smoothly.

SAFETY

02.

Hosts are expected to choose safe and secure locations to ensure a positive experience for all participants.

The safety of our users is a shared responsibility between hosts and players.

PARTICIPATION

03.

Hosts are responsible for setting clear participation requirements for their events.

Once these conditions are met, all eligible participants should be allowed to take part in the session.
